STEP 1

The **LEVELING GLIDE (A)** is located at the bottom of the **SIDE TABLE (1)**. After placing the side table in your desired location, you can adjust the leveling glides to accommodate the surface. Ensure the side table is level and stable. Once properly adjusted, the assembly is complete.

STEP 2

The wood adjustable shelf is secured to the **SHELF PIN (A)** for shipping purposes. To reposition the shelf, first remove the **SCREWS (B)** from the **SHELF PIN (A)**. Then, remove the shelf and relocate the **SHELF PIN (A)** to a different set of predrilled holes. Finally, reinstall the shelf.
